SUPPLEMENTARY INFORMATION:

I. Background

GSA is publishing this direct final rule in order to update GSAR references to "DUNS®" (Data Universal Numbering System) to reflect "UEI" (unique entity identifier). The Federal Government

removed references to the proprietary Data Universal Numbering System (DUNS®) number. Federal Acquisition Regulation (FAR) Case 2015-022, changed DUNS® references to UEI in the FAR in 81 FR 67736, effective October 31, 2016. This rule's changes to the GSAR are necessary to reconcile to the changes in the FAR. This rule also corrects a technical drafting error in the electronic Code of Federal Regulations (eCFR).

The changes to the FAR changed certain references to DUNS® in GSAR parts 504, 509, and 570.

II. Authority for This Rulemaking

Title 40 of the United States Code (U.S.C.) Section 121 authorizes GSA to issue regulations, including the GSAR, to control the relationship between GSA and contractors.

III. Discussion of the Rule

GSA is amending the GSAR parts 504, 509, 570 to remove references to the proprietary Data Universal Numbering System (DUNS®) number and replace them with references to "unique entity identifier" (UEI). This change will reconcile the GSA supplement to the FAR, which was previously changed to change the references from DUNS® to UEI effective October 31, 2016. This rule harmonizes the language of the GSAR supplement to the FAR.

IV. Executive Order 12866 and 13563

Executive Orders (E.O.s) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits,

of reducing costs, of harmonizing rules, and of promoting flexibility. This is not a significant regulatory action and, therefore, was not subject to review under section 6(b) of Executive Order 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

V. Congressional Review Act

The Congressional Review Act, 5 U.S.C. 801 et seq., as amended by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a "major rule" may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. A major rule cannot take effect until 60 days after it is published in the Federal Register. This rule has been reviewed and determined by OMB not to be a "major rule" under 5 U.S.C. 804(2).

VI. Regulatory Flexibility Act

The Regulation Flexibility Act does not apply to this rule, because this direct final rule does not constitute a significant GSAR revision, and 41 U.S.C. 1707 does not require publication for public comment.

VII. Paperwork Reduction Act

The direct final rule does not contain any information collection requirements that require the approval of the Office of Management and Budget under the Paperwork Reduction Act (44 U.S.C. chapter 35).
